

Rishika Modi

PROFESSIONAL SUMMARY

Full Stack Developer with **3 years of experience** in web apps, backend APIs, and data workflows. Strong in **JavaScript, Java, SQL, Angular**, REST APIs, and cloud basics.

CORE SKILLS

Languages: Java, JavaScript, SQL | **Frontend:** Angular, HTML5, CSS3, Bootstrap | **Backend/API:** Node.js, Express.js, REST APIs

Databases: MySQL, PostgreSQL, MongoDB | **Data:** SQL, ETL concepts, dbt (working knowledge) | **Tools:** AWS (Lambda/S3), Git, GitHub Actions, Postman

PROFESSIONAL EXPERIENCE

Full Stack Developer | Digichum Infotech, Indore | Jun 2024 - Present

- Angular workflow modules, REST API integration, SQL optimization, automated reports, releases & bug fixes.
- Worked closely with QA and business stakeholders to convert requirements into stable production features.
- Improved response consistency through API validation and structured error-handling patterns.

Software Developer (Internship) | Indore | Jul 2023 - May 2024

- End-to-end modules (JavaScript, Java, SQL), CRUD APIs, reporting UI, Git collaboration.
- Contributed to debugging and enhancement of existing modules to improve usability and performance.

Junior Developer (Projects) | Indore | Jul 2022 - Jun 2023

- Full-stack mini-projects: UI, APIs, DB integration; clean code & testing fundamentals.
- Built reusable frontend components and integrated backend endpoints for project deliverables.

PROJECTS

Synkup CRM

- Built and maintained core CRM workflow modules for lead tracking, follow-ups, and status management.
- Integrated secure REST APIs for seamless data exchange between frontend and backend services.
- Improved SQL query performance for listing and reporting screens to support faster operations.
- Supported bug fixes, feature enhancements, QA coordination, and release deployment cycles.
- *Tech:* Angular, Java/Node.js, SQL, REST APIs, Git.

API Integration & Data Automation Utility

- Developed reusable integration services for external APIs and internal business systems.
- Designed recurring sync jobs to automate data movement and reduce manual operational effort.
- Added validation rules, structured logs, and exception handling to improve reliability.
- Implemented retry handling and monitoring-ready responses for stable scheduled execution.
- *Tech:* Node.js, JavaScript, SQL, REST APIs, GitHub Actions/Scheduler.

EDUCATION

B.Tech — Medicaps University

Class 12 — Sita Devi School, Indore
